JB08.750LJS Cabinet for Lifejackets

Typical use:

For the storage of 12 automatic lifejackets (in bags) or foam filled lifejackets x 24 (depending on model.) This cabinet is widely used in the Offshore energy and commercial marine sectors.

Description:

These cabinets are manufactured using Lloyds approved composites including UV resistant gelcoats to provide long lasting protection for equipment stored inside in even the harshest environments. This is backed up with an excellent IP rating of 56. It has both Lloyds and ABS approvals.

The design ensures a high level of rigidity for the relatively low weight with a very effective EPDM seal around the door aperture. The hinges are secured with 316 stainless steel nuts, bolts and washers.

The cabinet comes fitted with 1 x central shelf.

The door can be specified with left or right hinging and features a nylon rod handle to pull the door open to guarantee fast access even when wearing gloves.
