General Purpose Storage Cabinet (JB20)

Typical use:

For the storage of safety equipment. This cabinet is widely used in the Offshore energy and marine sectors. It can be configured for multiple uses.

Description:

These cabinets are manufactured using Lloyds approved composites including UV resistant gelcoats to provide long lasting protection for equipment stored inside in even the harshest environments. This is backed up with an excellent IP rating of 56. It has both Lloyds and ABS approvals.

The design ensures a high level of rigidity for the relatively low weight with a very effective EPDM seal around the door aperture. The hinges are secured with 316 stainless steel nuts, bolts and washers.

The door can be specified with left or right hinging and features a Stainless Steel L handle to pull the door open to guarantee fast access even when wearing gloves.

The cabinet can be customised with shelves and brackets.

Standard specification:

Dimensions Height x width x depth:

1927 x 814 x 660 mm (75.87 x 32.05 x 25.98")

Aperture: 1680H x 600W mm (66.14 x 23.62")

Internal depth: 593 mm (23.35")

Weight : 40Kg (88Lb)

Material specification:

Colour: Yellow RAL 1018

Material: Lloyds approved composites with UV stabilised gelcoat

Hinges: 316 Stainless steel

Handle: Stainless Steel L handle

Seal: EPDM

Optional Extras:

Other RAL colours

Shelving

Class 1 fire retardant composites

Perspex window with bezel

Heating and insulation

Lockable L handle

Manufactured in the UK
