Automatic Lifejacket Cabinet (RS300.750LJ)

Typical use:

For the storage of 48 x Automatic Lifejackets. This cabinet is widely used in the Offshore energy and marine sectors.

Description:

These cabinets are manufactured using Lloyds approved composites including UV resistant gelcoats to provide long lasting protection for equipment stored inside in even the harshest environments. This is backed up with an excellent IP rating of 56. It has both Lloyds and ABS approvals.

The design ensures a high level of rigidity for the relatively low weight with a very effective EPDM seal around the door aperture. The roller shutter door enables access in confined spaces. The AS shutters used have proved to be extremely durable over a very long period of time.

The cabinet comes fitted with 6 GRP saddles for the storage of lifejackets.

Standard specification:

Dimensions (mm)

Height x width x depth: 2035 x 1395 x 750

Aperture: 1500H x 1210W

Internal depth: 690

Weight Kg: 100Kg

Material specification:

Colour: Orange RAL2009

Material: Lloyds approved composites with UV stabilised gelcoat

Lettering: "Lifejackets" 75mm white

Roller Shutter: Extreme environment Roller Shutter in Aluminium

Optional Extras:

Other RAL colours

Class 1 fire retardant composites

Vents

Heating and insulation

Manufactured in the UK
